

Chronological Bible Reading Plan

The whole Bible in a year, read roughly in the order the events happened rather than the order the books are bound in.

Commentary and dictionary for every reading at protos-app.com/reading-plans/chronological

This is a reading order, not a settled claim about chronology. Scholars disagree about where several books belong, and every chronological plan reflects choices its compiler made.

Isaiah is kept whole rather than split across the exile, because dividing it takes a position on authorship that a reading plan should not take quietly.

The Psalms are grouped with the united kingdom. The Psalter was written across many centuries, so no single placement is accurate; grouping keeps the reading coherent and this note keeps it honest.
